PAMPHLET LIST

No.5

U.S.D.A. Library, Albany Branch, Western Regional Research Laboratory, Albany, Calif.

Now that vacations are over, we think it appropriate to promote some more armchair browsing. We started this series of lists last year to help you to know some of our "wallflowers". The response to the lists was quite encouraging, and so we introduce some more pamphlets that you may not have known we have. Or you may wonder why we have them, -and that's good too, for then we may dispose of the pamphlets eventually without a qualm.
